

# Construction Technology Industry Connect

**EXPERIENCE HOW TECHNOLOGY CAN MAKE A DIFFERENCE**

Technology

Discover construction technology on a new level. Explore digital tools, interact with software, and discover manageable solutions for all projects and business sizes.

Productivity

Boost productivity, streamline project management, and enhance coordination between the field and in the office. Learn how to leverage technology on a job for a quick ROI.

Connect

Interact and learn from multiple sources of industry experts. Connect with the school community and contractor peers, while engaging in a variety of opportunities with the future workforce.

**Industry Connect** offers education opportunities and hands-on learning experiences with new construction technology and digital tools making a difference in the electrical industry. Local contractors and students receive first-hand access to experience demonstrations and learn how employing the use of technology will develop the future workforce and help businesses grow. Join us to start improving accuracy, efficiency, real-time collaboration, and daily operations.
